Dear Mr. Wood-

I am sending under separate cover the coins I spoke of that a friend of mine brought back from Russian and Chinese Central Asia, (also some from Anatolia). There are all kinds of things here, odds and ends, and you will probably be interested in some of them. Please don't trouble about any that don't interest you. I imagine he would like to keep the provenance of the different groups recorded, ~~some~~ only so if you separate any of the coins from the groups please just indicate the provenance in the general categories as he has them. I have identified a few of the simple Islamic coins for him and have put them in envelopes. I'm afraid I won't have the time to do any more. You might send them all back to me, and I will forward them to him. If you should wish to acquire any of them, I should be glad to communicate with him. Again, please don't take any more trouble with them than your interest in them justifies.

With best wishes,

Yours very sincerely,

*George C. Miles.*

Dear Mr. Miles:

The package of Central Asian coins came on Thursday about an hour before I was suddenly called to Boston. I have only this day returned and have just glanced through them. They are a rather curious lot but none of them belong to the Chinese mints in Turkestan. I will return them with comments etc., as soon as I can get around to them. Many thanks for sending them on.

Very truly yours,

Dear Mr. Wood ,

I am enclosing a check for \$12.00 for the coin casts. Please thank Mr. Clark for me for taking such good care of my request. The casts are excellent. There was only one mistake: I received two obverses and no reverse of the AV, al-Rayy, Toghril Beg, 434 specimen. If it is not too much trouble I would appreciate having a cast of the reverse of this coin. I would also like a cast of another coin which I did not order: AE, al-Rayy, 160.

I have at last finished my monograph in its final form, and when it has been accepted by the Faculty here (Inshallah !) I shall bring it up for you to see. It comes to nearly 400 pages of typescript. I shall drop in sometime early in June.

With many thanks for all your help and best wishes,

*George C. Miles.*
